

## Vaccine Clinics

One of the questions that Marion County Animal Services receives most frequently is “Where can I get discounted vaccinations for my pet?” In response, we’ve compiled a list for the purpose of keeping our community informed of the various options to obtain pet vaccines. We do not endorse or necessarily recommend any of these clinics.

Contact information is provided below. Please check their schedules to find out when they will be in your area. Most of them travel to various local locations such as pet stores, feed stores and other retail locations.

For complete and personalized care of your pet we do recommend annual visits to a private veterinary provider. Please also review our list of local veterinary hospitals and mobile veterinary clinics.

<b>Florida International Teaching Zoo</b>	352-867-7788	<a href="https://www.facebook.com/PetVaccinations">https://www.facebook.com/PetVaccinations</a>
